

ITHAKA

As you set out on the voyage to Ithaka

Pray that your journey be long,

Filled with adventures, filled with wisdom.

THE EXAMINED LIFE

GREEK STUDIES IN THE SCHOOLS

ANSWERING THE SOCRATIC CALL TO "THE EXAMINED LIFE"

THE EXAMINED LIFE is a place where educators, writers, artists and others working with young people come together to explore such concepts as Greek literature, history, philosophy, art and culture—the power of the moral imagination so essential to the survival of a humane global community.

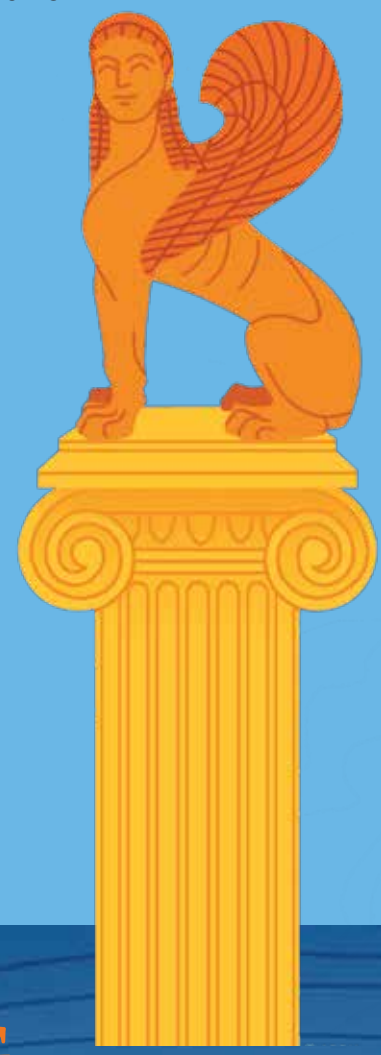

Through dynamic seminars, engaging discussions and a world-class Study Tour of Greece, let us inspire you to bring the ideals of Ancient Greece alive for your students!!

THE EXAMINED LIFE: Greek Studies in the Schools ("ExL") is an on-line graduate humanities and professional development program for K-12 educators. Three graduate credits are available through Framingham State University.

Study Tour of Greece: From the crowning glory of the architecturally perfect Parthenon atop Athens Acropolis to the shining Aegean Sea, along the way we plan to visit Olympia, the Oracle at Delphi, Mycenae, the ancient theater at Epidauros. Many more classical and modern sites will round out this fascinating journey – a breathtaking pilgrimage that includes seminars, writing and art workshops, poetry readings and much more.
